

vector

qscrollview.h

incomeRetailEditor.h

```
graph BT; A[incomeRetailEditor.h] --> B[vector]; A --> C[qscrollview.h];
```

The diagram illustrates the relationships between three components. At the bottom, a black box labeled 'incomeRetailEditor.h' has two blue arrows pointing upwards. One arrow points to a box labeled 'vector' on the top left, and the other points to a box labeled 'qscrollview.h' on the top right. This indicates that 'incomeRetailEditor.h' depends on or inherits from both 'vector' and 'qscrollview.h'.
