

pdfOptions.cpp

reportStack.cpp

pdfOptions.h

```
graph TD; A[reportStack.cpp] --> C[pdfOptions.h]; B[pdfOptions.cpp] --> C;
```

The diagram illustrates the dependencies of the header file pdfOptions.h. It features three rectangular boxes: pdfOptions.cpp on the top left, reportStack.cpp on the top right, and pdfOptions.h at the bottom center. The pdfOptions.h box is black with white text, while the others are white with black text. Two dark blue arrows point from the bottom of the top-left and top-right boxes to the top of the bottom box, indicating that both source files depend on the header file.
