

journalStack.cpp

journalSummary.cpp

journalSummary.h

```
graph TD; A[journalStack.cpp] --> C[journalSummary.h]; B[journalSummary.cpp] --> C;
```

The diagram illustrates the dependency of two C++ source files on a common header file. At the top left, a box labeled 'journalStack.cpp' has a blue arrow pointing diagonally down and to the right. At the top right, a box labeled 'journalSummary.cpp' has a blue arrow pointing diagonally down and to the left. Both arrows converge towards a central box at the bottom labeled 'journalSummary.h'. The 'journalSummary.h' box has a black background and white text, while the other two boxes have white backgrounds and black text and borders.
